

EXHIBIT B

November 10, 2010

Page 43

1 Mr. Company.

2 MR. CAMPANY: Does the Board have a
3 sense as to when items two and three might --
4 I'm not trying to get into the schedule.

5 CHAIRMAN VOLZ: We'll probably discuss
6 that at the end of those hearings during the
7 hearings.

8 MR. CAMPANY: Okay. I'm new to this so
9 I appreciate your help.

10 BOARD MEMBER COEN: Welcome aboard. You
11 look like you could be 20 years younger than
12 Mr. Matteau. Windham Regional was consistent
13 in their hiring I guess.

14 CHAIRMAN VOLZ: Any other matters we
15 need to take up? Oh, Mr. Lederer.

16 MR. LEDERER: Just before you adjourn
17 this one I mean we had asked is it possible to
18 have a status conference in 7440.

19 CHAIRMAN VOLZ: The problem was there
20 wasn't enough time and not all the parties are
21 identical. There's tremendous overlap, I
22 agree, but it just didn't seem like there was
23 enough time. You didn't say in there what the
24 purpose is, what issues you wanted to address.

25 MR. LEDERER: I wanted to know where

November 10, 2010

Page 44

1 we're going in the docket because, you know --

2 CHAIRMAN VOLZ: We're not going
3 anywhere. The Legislature says we can't issue
4 an order.

5 MR. LEDERER: So --

6 CHAIRMAN VOLZ: We can't talk about it.
7 We didn't notice this. This isn't noticed so
8 we can't talk about it. Sorry.

9 MR. LEDERER: Well we would renew our
10 request for at some point that you hold a
11 status conference in 7440 so we can talk about
12 it.

13 CHAIRMAN VOLZ: If you want to renew
14 your motion with more specificity, we can take
15 it up as to what it is we should be discussing
16 at that status conference.

17 MR. LEDERER: All right. Thank you.

18 CHAIRMAN VOLZ: Thanks. We're
19 adjourned.

20 (Whereupon, the proceeding was
21 adjourned at 2:10 p.m..)
